

HANDICAPPING, POINTS, SCORING (new for 2019)

1. Handicapping is based on points earned by drivers (not cars) in previous races. He/She is assigned maximum handicap points for each of the events missed.
2. Each car and driver must be checked in with the designated official immediately upon arrival at the track. Either the owner or driver will be responsible for checking the car in. Late arrivals will not be handicapped without notification to officials.
3. The number of cars to be qualified through heats into a handicapped starting position in features will be posted before each event. The number of cars to start the feature event may vary.
4. To be handicapped or allowed to draw for position a car must be in the pits at least one hour prior to the first scheduled race of the program. It is the responsibility of the driver or car owner to notify the handicapper of driver and/or car changes.
5. Once a driver/car qualifies for a race, any driver/car changes shall result in all affected drivers and/or cars starting in the rear. Relief drivers are not allowed once a race has started. Drivers may not attempt to qualify with multiple cars.
6. Officials have the right to position any car at the rear of the starting lineup if it is for the betterment and/or safety of the race and competitors. Officials may also place cars that are late to the starting grid at the rear of the starting lineup.
7. Last week's feature winner will start after all cars that raced the prior week. He/She will start ahead of new drivers that missed the previous week.
