By registering and signing this agreement, you will be allowed to compete and receive prize money and points at Riverside Speedway-sanctioned events. There will be NO prize money or points issued without registering spec engine with the Riverside Speedway Office prior to competing.

### AGREEMENT:

1. I agree to the policies regarding the Late Model/Flying Tigers Crate engine program, as outlined in the Riverside Speedway rules and regulations, procedural manual, this registration, or any other requirements which might be established.
2. I understand that the Riverside Speedway Crate Engines are not to be tampered with. Any unauthorized breaking of the seals or unauthorized freshening or altering in any way is a violation of the Riverside rules.
3. I understand that by registering my crate engine(s) and using it/them to compete in any Riverside Speedway-sanctioned event, I, or my assigned driver(s), are subject to any and all penalties which might be imposed from time to time by the Riverside organization.
4. I agree to abide by the Riverside Speedway's policy that a crate motor may be confiscated for inspection at any time. If the integrity of the said motor is not fully in compliance with the Riverside Speedway rules and regulations, I further understand that I am subject to penalties which may be imposed by Riverside Speedway, and my privilege to compete may be forfeited
5. Failure to comply with the demand of the Riverside Speedway Official in Charge to confiscate crate motor for inspection purposes will result in suspension of all privileges for competitor(s) of sealed motor(s) to compete at any Riverside Speedway events for up to one year. Other penalties may be issued. Team will be responsible to place motor in truck or trailer of Riverside Speedway choice for transport to builder inspection facility. Cost of inspection and delivery will be borne by Riverside Speedway if found legal, and all costs will be the responsibility of competitor if found illegal.

I understand and agree to the terms and conditions as outlined above.
