 - no excessive play in steering components
 - body must be secured properly
 - ballast weight double-nutted painted and painted white with kart number on them,
 - complete brake inspection
 - secured seat mountings and supports
 - fuel lines inspected
 - chain guard must cover chain when viewed from above
 - all bolts must be double-nutted or drilled with a pin through it
 - inspect fuel tank mounted securely,
- **The kart will not enter the track until all these times are inspected and passed through the tech inspection.

ROOKIE, LITTLE RASCALS, DAREDEVILS, JR PRO, MINI PRO KARTING GENERAL RULES

- any adult that shows any aggression towards a child kart driver will be escorted off the property and will not be allowed for two racing weeks. A second offense will result in being banned for the season.
- any kart that pits will not be allowed back on the track under a green flag
- only one adult will be allowed in the tech area with the kart and driver
- only one vehicle per team will be allowed in the pit area with the kart team
- when lining up for a heat or feature, one adult must accompany the kart from the pit stall to the designated line up area
- heats and features will start on the start/finish line with waiving of the green flag. No passing until karts have crossed the start/finish line. The chief starter will attempt a rolling start for rookies, but may have to do a start from the stopped position and potentially a single wide start as needed.

-if you are part of a caution, even if innocent, you will restart from the rear as deemed necessary by kart officials directing you to do so. If you are accidentally chopped or spin to avoid, the officials will take that into consideration of the restart. At times, considering the age group, there may be an original restart as directed by kart officials. If you spin and keep going there will be no yellow flag unless it poses a dangerous situation.

*-**** if a kart pits under yellow or if involved in an accident and needs to pit, once the track is cleaned of all debris, and the field is realigned, any karts in the pits will be given 5 laps to return to the track. As the field approaches the 5th time around, they will be given the one to go flags. As stated above, no kart shall enter the track under green flag conditions.*

*-**** the area near the scorers and flagman will be roped off, if a parent/adult or any team member crosses into the roped off area, to contest any calls made or to approach any officials, they will be asked to leave the premises for the day. A second offense will result in a season long ban. Any questions about on track calls need to be directed toward the program director when appropriate.*

*-**** Rookies, Little Rascals and Daredevils, will be subject to division movement within the first four weeks of events as deemed necessary by the director of competition. This is designed to keep the program running in optimum and fair condition. Any driver moved to a different division will carry their points. Drivers will not be made to move after week 4 of competition. This rule will not be up to debate.*

-if you intentionally spin another kart while under caution you will be parked for the day and suffer all points earned

-one parent from each team must be designated to speak with a track official with any problems or concerns

-all engine swaps must be done in the tech area; if the engine is swapped after the heat race then the kart will start the feature in the rear. Tech must be notified or it will be an automatic disqualification.

-trophies for top 3 in the feature event for all classes

-Riverside Speedway photographer reserves the right to take pictures of the drivers/karts and sell those in souvenir booth

- heat race and feature lap counts are determined by kart count
- 10 or more karts will have 2 heat races
- drivers must know what each flag means and will be asked before they start the season
- a point system and handicapping system will be used in 2021 to determine starting position
- Use of a relief driver may be used ONCE per season. Substitute driver will start at the rear of the field (not in handicapped qualified position), and will keep all earned points for the day. Substitute driver must meet age and ability requirements for division. Once substitute driver has been declared, that driver will need to compete in qualifying and feature events. No partial substitutions will be allowed.
- no added weight in nerf bars, bumpers, or inside tubes
- numbers must be clearly visible to scorers
- number plate must be displayed on right hand side of the top of the cage
- Riverside Speedway follows WKA technical rules-
- No décor with tobacco if under the age of 18. No décor with alcohol if under the age of 21.

PRO KARTING RULES

Pro Rules-

Same as Rookie Little Rascals, Daredevils, Jr. Mini Pro, & Mini Pro safety, inspection, and general rules except:

-Ages 12+**if there are any "new or Rookie" kart drivers ages 12-15 that are not ready to be in the Pro class, they will be entered in the Mini Pro class as deemed necessary by the Director of Competition and/or Track Management. ** Ages 16+ there are no exceptions to this rule. If an experienced racer is deemed eligible based on performance to race in division above current class but does not meet age requirement, a vote will be held by track officials to determine if racer will be allowed to race up.

-Pro class competitors will not be allowed to revert back to the Mini Pro class unless deemed necessary by the Director of Competition

-Clutch gear-14 tooth rear; gear choice of 65-66-67

-Kart with driver must weigh 415 minimum

-WKA stock appearing rules

-Engine:

Animal runs WKA .505 gold restrictor plate

Flathead runs WKA .575 gold restrictor plate

Clone runs WKA .550 blue restrictor plate

-Chassis:

May be any rocker or champ chassis, but must be an adult chassis. Absolutely no junior chassis allowed in this class.
